Hi all,

according to the doodle, we will fix the date of the integration week to 13.6.2016 - 17.6.2016.
Please go ahead with your travel arrangements.

Looking forward to see you all in Zurich,

Mit freundlichen Grüßen / Best regards

Ulrich Schwesinger

It'd be still good if we could find a date in May, but we probably have to exclude the Friday in the last week of May since we have a big demo with the Europa robot. Could you please fill in the remaining dates as soon as possible?

> >
> > Quick reminder for the doodle. Please fill in if not done yet. So far the first week of May has the highest number of votes. Please keep in mind that on Thursday that week 5.5.2016 is a holiday. I personally don't have a problem with that, so the workshop will be open . I'd like to finalize the decision by tonight, so Matt can start the visa process. If anyone that needs to be there has a problem with that week please speak up today!
